School

TERM 3 2018  
CLASS NEWSLETTER

## What's going on in Falcons Class this term?

Welcome back to the first half of the Spring Term.  
Miss Brown and Mrs Cryer hope you had a wonderful Christmas and  
New Year and a well-rested break.

### It's a Crime

Our overarching theme this term is 'It's a Crime' and much  
of the learning that takes place in other subjects will be  
cross curricular and link to the topic wherever possible.

If there are any questions or  
issues you have or would like to  
know how to help your child at  
home, please don't hesitate to  
see me at the classroom door at  
the end of school or book an  
appointment via the office.

### English and Maths

Our English lessons will be linked to our topic this  
term as always. We will be studying the narrative  
poem 'The Highwayman' and exploring the  
character relationships, sounds of the highwayman,  
the story, crime, diary writing and writing poetry in  
the same style.

The area of Maths we will be learning this term is  
number – focusing on decimals, percentages and  
algebra.

Each week we will also be focusing on times table  
and mental maths practice too.

### Other Subjects

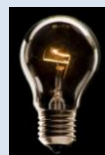

Science: Electricity

History: A history of crime and punishment  
through the ages

PE: Gymnastics and dance

RE: Sikhism

ICT: Computational thinking

### PE

PE sessions will take place on a  
Tuesday and Thursday.

PE on a Tuesday will be indoors and so the children need to  
ensure they have shorts and plimsolls. On Thursdays, PE  
lessons will be outside so children will need to ensure that  
they have something warm to wear for outdoor sessions such  
as leggings or jogging bottoms, and trainers.

If your child wears earrings, they are responsible for taking  
them out just before the session and looking after them. If  
they cannot remove them, they should be taken out at home  
before the school day.

### Home Learning

The format will continue to be the same as the past two terms  
and will consist of activities to choose from on a grid based  
around our topic. The children will be responsible for  
completing a task each week and then bringing them in just  
before the end of term. We would also welcome as much  
support in reading with your child at home, learning times  
tables by heart and practicing mental maths skills too.

Thank you for your continued support
